

ARIGELA RAMANJANEYULU

CIVIL ENGINEER

Contact: +91-9391666753 | Email: arigelaramanjaneyulu84@gmail.com | Portfolio: [arigela.portfolio](#) | Location: Owk village, Nandhyala (dist), PIN: 518122, Andhra Pradesh

ABOUT ME

A driven Civil Engineering graduate with valuable on-site technical insights developed during a comprehensive six-month municipal deployment. Competent in AutoCAD documentation, detailed level markings, and site layout execution. Adept at breaking down complex engineering graphics into actionable on-site tasks, ensuring project speed, safety, and dimensional precision.

TOOLS OF THE TRADE (TECHNICAL SKILLS)

- Core Competencies:** AutoCAD 2D Drafting, Structural Layout Execution, Site Documentation & Base Level Marking
- Engineering Systems:** Structural Design Interpretation, Reinforcement Tracking & Quality Control Management
- General Tools:** MS Office (Advanced Word documentation, Excel calculation sheets, PowerPoint presentations)
- Languages:** Fluent in English, Telugu, and Hindi

INDUSTRIAL TRAINING

Municipal Corporation Training

Six Months, On-Site Deployment

- Acquired critical, hands-on field experience overseeing civil infrastructure operations—tracking engineering metrics from project excavation to structural concrete pouring.
- CC Roads:** Managed exact site layouts, level checks, and steel reinforcement tracking for structural rigid pavements.
- Road Under Bridge (RUB):** Monitored active excavation work, structured alignment markings, and cross-checked site dimensions against design prints.
- RCC Water Drain Works:** Directly verified gradient slope levels and structural alignment for Reinforced Cement Concrete drainage pathways aligned with active railway perimeters.

SELECTED WORK (PROJECTS)

RCC Water Drain Design

Academic Project | 2025

Executed structural layout design, volumetric computations, and hydraulic flow tracking for concrete storm-water collection channels tailored for high-capacity municipal urban layouts.

CC Road Construction

Field Project | 2024

Handled real-time site measurements, level checking, shuttering alignment inspections, and rigid material deployment tracking during municipal infrastructure expansions.

A FOUNDATION POURED WITH PURPOSE (EDUCATION)

B.Tech in Civil Engineering

Sri Krishna Devaraya University, Ananthapuram | Graduated: 2026 | CGPA: 8.3

Core Domain Focus: Structural Analysis, Geotechnical Frameworks, Transportation Infrastructure, and Construction Project Management.

Diploma in Civil Engineering

GMR Polytechnic Srisailam, Nandhyala district | Graduated: 2023 | CGPA: 8.3

Core Domain Focus: Practical Field Surveying Methods, Land Mapping Basics, and Fluid Mechanics.

Intermediate

AP Model Junior College, Owk | Graduated: 2020 | CGPA: 6.8

Core Domain Focus: MPC – Mathematics, Physics, Chemistry stream.

SSC

St. Mary's High School, Owk | Graduated: 2018 | CGPA: 9.2

Certification: Secondary School Certificate (Board of Secondary Education).

RECOGNITION & CHARACTER

- **State Level Tech Fest:** Competed and represented the college department in the state-level technical engineering symposium at Kurnool (2022).
- **Team Athletics:** Awarded Silver Medal as the structural team Runner-Up in the regional Zonal Level Kabaddi Championships (2017).
- **Core Capabilities:** Resilient On-Site Execution Ethics | High Environmental Adaptability | Clear Engineering Team Communication | Rapid Technical Adjustment
